

Dear Senior Parent/Guardian:

The coming year for your Cajon student will be filled with many memories and special moments. The Cajon *Vaquero* will be capturing and recording many exciting moments from the 2020/2021 school year.

The yearbook staff would like to offer you the opportunity to place a picture or pictures (depending on size of ad purchased) of your senior along with a personal message in a special section of the yearbook. This section of the yearbook is reserved for senior pictures and parent congratulations only. We think both you and your senior will find this to be a personal touch that only a parent/guardian can add to the yearbook that will bring back wonderful memories for all of Cajon's seniors for years to come.

This 2020/2021 school year parent messages will be submitted and uploaded **online only**. Please visit **yearbookforever.com** to purchase your yearbook and parent message/ad. We will not be receiving any messages at the school this year. Please upload your picture(s) and submit your message no later than March 19th, 2020.

Yearbook publication demands that page number and content determinations are made far in advance of production, and we must also operate within a limited budget. For these reasons, a pre-determined space is set aside for parent messages--**once the spaces are sold, there can be no additional sales. Sales are on a first-come, first-served basis, one space per student.** We reserve the right to edit and modify messages to meet the needs for space requirements, and to keep all content appropriate for this product. Messages will be copied and pasted in the book as you typed it unless the spacing requirements are not met, or the content is not school appropriate. **Only one student is allowed per section.**

Sizes and Prices of Parent Message spaces:
